Chief of Police  
Dallas, Texas

Dear Sir:

Our hats are off to you men  
of the Dallas Police force. If it  
had not been for your cooperation  
with the newsmen and television  
men, we would not know much  
of anything about the President's  
assassination. It looks as tho'  
we will not hear any more  
from the Warren Committee  
investigating his death - Or -  
only what they want us to  
know. I wish Texas would  
go ahead & conduct their own  
investigation - let Warren  
resign.
